

## Updated Bourns Legal Disclaimer Notice

*Riverside, California  
June 8, 2018*

Dear Customer –

Bourns has updated its Legal Disclaimer Notice originally issued on October 17, 2017.

The Legal Disclaimer Notice is incorporated by reference into Bourns' Terms and Conditions of Sale. The provisions of the Legal Disclaimer Notice thus are applicable to all products and services offered by the Bourns group of companies that are subject to Bourns' Terms and Conditions of Sale. Furthermore, the Legal Disclaimer Notice will be appended to Bourns' data sheets and publicly available specifications to help guide the design-in decisions of customers.

The Legal Disclaimer Notice recognizes that testing and field of use arrangements specifically agreed to by Bourns authorized officers, such as those set forth in currently valid contracts and agreements, take precedent over any conflicting provisions in the Legal Disclaimer Notice. Further, Bourns is amenable on a case-by-case basis to entering into mutually agreeable customized written testing and field of use arrangements with customers which have special needs.

Please review the full text of the updated Legal Disclaimer Notice, which (together with several bilingual versions) can be found at:
